

The share of those who stay ... will be the same as the share of those who go to the battle.

1 Samuel 30:24 NLV

In the Old Testament when David went to battle not everyone was physically able to go with him. Some had to stay behind while others went to fight. Yet being the wise leader that he was, he commanded that the plunder be equally shared with everyone. Those who cannot possibly go must also fill a role and a purpose that is as important as those who are able to go.

Did you know????

- U There are over 2000 languages in sub-Saharan Africa.
- U Less than 300 people groups in Africa have completed translations.
- U 185 African translation projects could start right now but they just need someone to help them.

Sending us as your missionaries enables Africans to be trained so that they might translate the Bible into their own languages.

Just a short time is left before we return to Africa. We are expecting God to do great things. There will be victories—the salvation of souls, God’s church strengthened, and all of us growing to give Him glory. But it will only be possible if we work together and have the vision of every tribe, tongue and nation praising Him.

We’re looking forward to that day when God will reward you, our partners, in this missionary work. We are often at a loss at what to do to thank you or what to say. But we know, as you know, that we are not looking for rewards on this earth. Our eyes are on eternity!

40% still needed

Help us climb in!

These eight people represent the amount of support we still need to return to Africa. Each person represents five percent of what we need for start-up costs. It's not too late for you to "go with us" by getting in our backpack.
